COMMISSION MERICHANTS & WHOLE-

Canada and British Columbia It will be within the recollection of many of our readers that it was constantly affirmed in these columns that the Government of the Dominion was prepared to treat with our Government in a most liberal spirit for the admission of British Columbia, and that both the Government and people of the Deminion would be prepared to give specially favorable terms to the Pacific colony, terms involving a considerable financial loss to the Federal treasury for some years to come. It will also be remembered how, when the Executive Terms were made public here, very many persons thought that they would never be entertained by the Canadian Government, and much less by the Canadian people. It has been known for some weeks that the Canadian Government has agreed to terms which, although has agreed to terms which, although slightly dissimilar to these sent to Ottawa from this Colony, are certainly not inferior to them. During the Confederation debates in the local Legislature a feeling was constantly cropping out that our Delegates would have to deal with political sharpers who would be disposed to drive a hard bargain in the first place, and who would not, perhaps, be very particular about living up to their engagements afterwards. That the gentlemen who so well represented this colony at Ottawa had their minds effectually Ottawa had their minds effectually disabused of these disagreeable present timents is already known. They found the Cabinet of the Dominion composed of gentlemen of large and liberal views, who met them in the most frank and straightforward spirit, and with whom the question was not How cheaply can we get British Columbia?' but much can we venture to give British Columbia with the hope of carrying Parliament with us? Thus the Committee appointed by the Dominion Government to conduct the negotiations with our Delegates frankly told the latter that it was the desire of the Cana-dian Cabinet to give Brit'sh Columbia as good terms as they felt safe in asking Parliament to sanction. That the Cauits word, the published Terms abund antly testify. As we have said, the Terms came back in a really more fa-vorable form than they left us, and containing provisions and guarantees for which many of our people did no venture to hope. The important prob-lem still awaiting solution is this: 'Will the Canadian Parliament sustain the Cabinet in granting such terms to British Columbia? We think there can be no doubt upon this point. The offic at Terms, first published here and tele-graphed to aleading journal in Toronto, have been published through the length and breadth of the Dominion, and our exchanges come to us filled with comments upon the same. It is singularly gratifying to be able to say that in no single instance have we found these comments unfavorable. With a remark able degree of unanimity the Canadian Press alludes approvingly to these Terms, and fully realizes the necessity of a large, liberal and vigorous national policy in dealing with such questions as the overland railway. It may, therefore, safely be assumed that Canada will endorse the Terms. Will British Columbia endorse them? No fear. Not only does the Canadian Press speak approvingly of the Terms, but it also refers in highly appreciative and com. plimentary terms to this colony, its re-sources, climate, geographical position and great destiny, and we may take oc-casion to make a few extracts in a day or two. Meanwhile however, the peo-ple of British Cotambia may well rest assured that Canada is not only prepared to receive us into union up n terms that are highly tavorable to us, and also to faithfully faifil the obligations imposed by these terms, but she is prepared to pureue towards this colony a liberal policy, to deal with it in a liberal spirit throughout. The Pacific Province always receive its full share of legislative attention and beneficial help at the

hands of the Dominion Government. AMAZONS .- We now learn from official documents that the intended Amazon Corps, under the leader-hip of Miss Minna Hansel, of Borlin, was more than a joke. The spirited lady has already gathered 58 young heroines under her banners, all ready and eager for the fray, and delying these critical remarks which Miss Hansel says were of course to be expected in these frivolous days of ours. Yet before proceeding further it was considered wise to inquire at head-quarters in what portion of the army these female volunteers would be considered most desirable. A letter was therefore addressed to General Governor von Flackenstein, whose answer some what delayed, arrived a few days ago. He declines with many thanks the pat-riotic effer of their guarding the coast One of the proposals—'since be had in the course of a journey of inspection convinced himself personally of their sufficient protection, but he would suggest to them to enrol themselves among the land troops. Miss Hansel, how-ever 'considering the rapid and victorious progress of the war, thinks that dolay in the General's answer has trustrated her plane, and has accordingly disbanded her corps. — Pall Mall Gaz-

SCHOOL TAX, LAKE DISTRICT .- The hearing of thirteen summonses, issued by K Ma-Kenzie, Esq., took place yesterday at the Kenzie, Esq., took place yesterday at the school-house, Lake District, in the presence of the parties interested and two of the Local Board. Mr Mallandaine proved the cases en behalf of the Local Board of Education, the delinquents having no statement to make beyond that they had no knowledge of the matter, which the Magistrate overruled, saying that the application for the amount had been proved to his satisfaction. An order was made in every instance for the amount of \$2 and costs, \$1 50. Four cases will be heard on Wednesday next, two of which were yesterday dismissed, sufficient proof of service of summoness not being given.

FALSIFYING THE RECORD .- We have not the means of knewing how far the dish may be palatable to the patient readers of the Standard, but surely the double dose of 'The Hon J Robson, served up to them yesterday morn-ing ought to suffice until the steamer again sails for Nanaimo. Mr Robson doubtless feels sails for Nanaimo. Mr Robson doubtless lesis greatly honored by the eleborate attention bestowed upon him; but he would thank the editor to sail a little closer to the truth in going back over a three years' political career. In both instances yesterday the record was most grossly falsified. We cannot promise the editor of the Standard similar attentions, as a critical review of his political eccentricities would prove not only uninteresting but disgusting to the readers of this journal.

THE BUNSTER MEN .- Some waggish follow adopting the non de plume of 'Kid Gloves' writes to a local paper about the Nanaimo election. The following is the conclusion of his letter:—'Now about the requisition to the Hon John Robson. One-eighth of the names are foreigners, boys and men, who have not been in the odony over a week, and when it comes to the poll will vote for Mr Bunster.' So the foreigners, boys and men, who have not been in the colony over a week,' are going to vote for Mr Bunster, are they? If Mr Robson's requisition really contains such names, the loss to him, by their defection, would scarcely be less than the gain to his opponent.

THE GREAT BOAT RACE - We must be permitted to offer our congratulations to the benighted readers of the Standard upon the prospect of their being in due time enlight-ened as to the result of the great boat race which came off at Lachine on the 15th of last which came off at Lachine on the 15th of last month. Yesterday morning our contemporary got as far as the arrival in Canada of the Type craw, which he erroneously represents as being now at Lachine. Should all go well and the paper critique to stand, it is presumable that in a couple of weeks or so he will get to the most interesting point of all—the race, and which boar won!

INSULTING A WOMAN .- William Snyder, farmer, of Lake District, yesterday appeared to prosecute a man named Abram Connolly, for coming to his house and insulting his wife with improper proposals. The prisoner, who was under the influence of liquor, behaved in so ourrogeous a manner that the Magistrate ordered him to be locked up until sober. Cannolly is said to have here sober. Councily is said to have been a U.S. soldier of Alaska.

THE LUCKY BID .- Mr Anderson has completed the unpacking of the case purchased by him for \$37 at Mr Franklin's sale of unclaimed packages, and estimates the net re-sults as follows: Wearing apparel, bedding claimed packages, wearing apparel, bedding aulte as follows: Wearing apparel, bedding and iktas, \$70; six real diamonds set in a cross of gold, \$150; a gold watch, \$100; a silver watch, \$10; mahogany bureau \$20—total, \$350. The original cost of the articles when new must have been close upon \$700.

EXTRAORDINARY DISPATCH -The British ship Henry Reed arrived in Royal Roads from Burrard Inlet on the evening of the 29th September, bound to Cork for orders. Capt Nagle, the Shipping Master, shipped nine men, whose advances only came to \$45, and the ship sailed early on the morning of the lat of October. No vessel ever left this port with such dispatch or with so little advance.

THE EVERLASTING CHINAMA deadly blow at one of John Chinaman's articles of faith, a democrat has introduced into the Oregon Legislature a bill to make it a penal offence for any person to wear hair mapre than six inches in length! What will become of the ladies should that law pass? Pigtails and chignons must vanish together.

BROTHER JONATHAN seems to have got his fingers into the European pie; and Prussia is after him for allowing the shipment of breadstulls and munitions of war to France. A minunderstanding between Prussia and America would create strange complications.

DAY OF ATONEMENT. - The Jewish residents last evening commenced the observance of the Day of Atonement. Service was held

at the Synagogue, which was brilliantly il-luminated. Fasting will continue until sundown to-day. Laip Over .- Many of the passengers who came over by the Eliza Anderson and Isabel will remain in town until Friday, when they will return on the Isabel.

FOR THE EAST COAST .- The steamer Siz James Douglas sailed for the East Coast at 7 o'clock yesterday morning with a full passen ger list and an unusually large freight. Amongst those on board were Reva Messra White and Russ, Mr and Mrs Botterell, Mr and Mrs Habart, Mr and Mrs Deds, Mr Morley, JP, and Miss Woods.

THE OPPOSITION .- The stesmers Isabel and Eliza Anderson sailed for Puget Sound yesterday afternoon at four o'cleck. The Anderson had a few minutes start of her competitor, and both boats tore like mad through the water. The Isabel will return as usual Thursday evening and sail again on Friday

DOMINION FINANCES .- The revenue of the Dominion for the fiscal year ending 31st of last June exceeded the estimates by more than a million. This year it is anticipated that it will be a million in excess of last
